

# Research methodology

A framework to support the implementation of LDCT lung cancer screening

\* Comprises a suite of materials hosted on the Network's website including the framework template, library of resources, supporting figures and templates

The Lung Cancer Policy Network is a global multi-stakeholder initiative set up by the Lung Ambition Alliance. The Network is funded by AstraZeneca, Guardant Health, Johnson & Johnson, Medtronic, MSD and Siemens Healthineers. Secretariat is provided by The Health Policy Partnership, an independent health research and policy consultancy. All Network outputs are non-promotional, evidence based and shaped by the members, who provide their time for free.
